During reading

Create a story together in 1-2-3 times

1. Explore the book together

Enjoy the images, be amazed by the story and ask each other the basic questions on every page:

- What do you see? What happens?
- How do you see that?
- What else do you see?

2. Questions to talk about together

- Describe what the boy and his father encounter along the way.
- How could it be that the father knows exactly how everything works?
- How would you feel if you took such a long walk? Why?

3. Think together about what the characters feel, think and say

What would the father and child say to each other in this story? How do you think they are feeling?

Learn new words together

We thought of these words as we read the story. Look at the words. They mean the same in Dutch and English, but they are written and pronounced differently.

Now choose one of the English words. Can you find the word in the book? Talk about this word together in your preferred language. What do you know about this word? Name as many words as you can that belong to this word (in your preferred language).

Now think of a word that appears in the book and write it down together in both languages. Name everything you know about this word.

the bird's nest	het vogelnest	the camera	het fototoestel
